Contract

- Who is in charge of what
- Each person will do one research question on the chosen domain and/or share their research findings

- How to resolve conflict; what to do if team members are disrespectful
- We will address the issue by communicating directly between members

- What to do when team members are not meeting deadlines or contributing to the project or have gone silent
- We will make effort to contact them and if needed, we find them and make them do the work

- How often the group should meet, when and where
- The team will meet as needed, either in person or on Discord.

- Means of communication
- Our primary means of communication is via Discord or another social media platform

- What to do if a team member plagiarizes
- We will address the issue directly and discuss any measures to be taken

- How often the team will revise the contract
- The team will revise the contract as often as needed to meet the team's needs
